

To demonstrate its commitment to Sustainability, Maltimur held not one but **two ESG events** at its Maltimur Away Day 2024 in Lundu. The first was called **'Fertilising the Future'** in which Maltimur Aktif Unggul JV donated **1,250 kg of high quality fertilisers** to **50 small farmers** from Lundu and surrounding areas. The farmers grow vegetables, fruits, and paddies.

The second CSR programme was called **'Clean Seas, Clean Shores'** involving a beach clean-up by Maltimur staff at **Pandan Beach, Lundu**. The area is a popular public beach. After **3 hours**, our team had collected:

**General Waste: 170.16 kg,**  
**Plastic Waste: 29.42 kg,**  
**Paper Waste: 3.39 kg,**  
**Glass: 2.28 kg, and**  
**Aluminum: 2.7 kg.**

Whilst at Pandan Beach, Maltimur installed **3 'No Littering' signages** as a civic reminder to the public on keeping **Clean Seas, Clean Shores**.
